

SOUTH HOOK
LNG TERMINAL COMPANY LTD

Media Release

PRESS PRESS PRESS PRESS

30th November 2009, Milford Haven, Wales, UK

**NOTICE TO LOCAL RESIDENTS WITHIN THE SOUTH HOOK
PUBLIC INFORMATION ZONE (COMAH ALARM TEST)
FRIDAY 4th DECEMBER 2009
10.00 – 13.00HRS**

At South Hook we take safety very seriously; it is our top priority. To this end, and as part of our continued commissioning process and safety communication to residents who reside within the South Hook Public Information Zone (PIZ), and in compliance with the legal requirements governing our facility, we will be testing two sirens. One is the COMAH Alarm and the other is the All Clear Alarm. Please note that no action need be taken by local residents.

These two sirens will be tested between **10.00 – 13.00hrs on Friday 4th December 2009**. During this testing two different sounds will be heard and be sounded alternately.

The **COMAH Alarm** has a distinctive on/off sound – an intermittent tone.

The **All Clear Alarm** is a single continuous tone.

The COMAH Alarm is for residents who live within the South Hook PIZ area. Please note that for residents who reside outside of our PIZ area (these areas include Herbrandston and beyond to the west, the outer limits of Hakin, Hubberston, Milford Haven and beyond to the east and Angle and beyond to the south) this notice **does not** apply to their area. At anytime residents can hear a recording of the COMAH Alarm and the All Clear Alarm by calling our special free phone number from a landline on **0800 046 3470** or by going to our website www.southhooklng.com.

As part of the ongoing community communications, South Hook has set up a community phone line for any enquiries. The number is **01437 782012**. In addition to this, a dedicated email address has been setup which members of the community can write to if they would like to raise any points. The address is publicinfo@southhooklng.com. **ENDS**
